

KINDER GAZETTE

P.E. with Mrs. Gebhardt

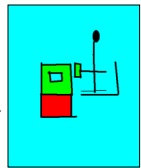

By Austin

We played this throwing ball game; you have to make a basket into the hoop. We had to throw all the balls into the other garden so our garden would not be messy. Whoever has the cleanest garden wins. We did P.E. and victory laps. We did exercising and we run around the court. Then we had some kumquats.

Centers

By Brent

It's Writing Center and it's making our front cover for our "word family book". We colored the family book cover. We used coloring crayons.

Finger Painting in Class

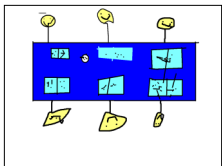

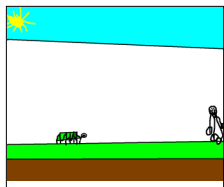

By Jacob M.

We were finger painting at Writing Center. We used our fingers to finger paint with yellow, blue and red paint.

Caterpillars

By Justin

The caterpillar is coming towards me. I know that they only have 6 legs and 2 antennas.

Writing Center

By Aedhan

Today at Centers we were making another book of "My Father's Dragon". We had paper and we drew pictures of the dragon and Elmer. We used pencils, crayons, and pens.

Weather

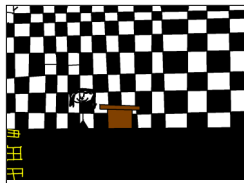

By Christian

It is a rainy day. Will it be sunny or not? Will it stop raining or it will continue raining? Rain is good. Flowers grow when rain shows up. Sometimes rain is helpful. Sometimes rain is harmful. When it happens the clouds have to fill the sky. When there is no water rain will gather around lakes rivers ponds puddles. When people have no water rain will gather around to help people get water will the clouds make the sky dark?

Garden Center

By Julia

At Garden Center, we planted spinach and peas and lettuce. The apple tree has white blossoms and the strawberries have pink blossoms.

P.E.

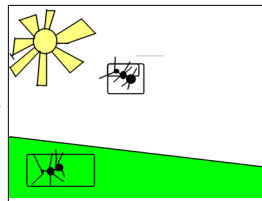

By Lauren

P.E. is fun. We are haveig fun. Mrs. Gebhardt ses stop free tim. Then time to go back to the clas.

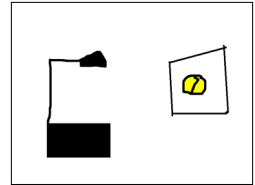

About Bugs

By John

Insects hide in the grass. They are in groups in their families. They like to eat plants. They eat garbage. Sometimes they live in peoples' houses. They suck our blood. The head, thorax and abdomen are part of their body. They could fly. They have six legs. They smell with their antennae.

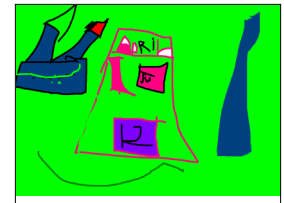

Saint Rose School
April 26, 2010

Setting Time

By Jake

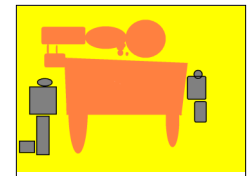

I went to the overhead projector to set the time. I moved the little hand of the clock to 10 and I moved the long hand to 12. The clock showed 10 o'clock.

April

By Lexie

We say the number of days in school. We say the month, the day of the week and 2010. We do the rules to be kind, safe and productive in calendar.

Jesus in the Tomb

By Charlie

After Jesus was crucified, the people buried him in a tomb. And Jesus was guarded by lots of soldiers. Three days later, He rose from the dead. After the soldiers saw an angel, they fainted.
